

SEATING STONES. Design: UNStudio/Ben van Berkel.

Informal working and lounging in an often formal world. Cheerful, free and variable – the Seating Stones by Ben van Berkel create generous seating landscapes. Inspired by nature, they fulfil our longing for naturalness and the original form of seating. Users intuitively follow the possibilities on offer: sitting or lounging around, relaxing or concentrating, on your own or in dialogue. A lively coming together of familiar Lounge Chairs, new Silent, Tub and Side Chairs as well as Poufs.

Product description

Design awards
