

NUUR

arper

Nuur

Nuur is the archetypal table: a single, spare plane floats above four slender legs. The result is aesthetically pure but flexible. A universal system based on the simple principle of four corner legs, four rails and a top, Nuur adapts to diverse applications and environments. Table tops are available in square or rectangular formats in either colored laminate or wood veneer. The structure is available in polished or painted aluminum.

Designer

Simon Pengelly, 2009

British designer Simon Pengelly was born in Henley in 1967. He graduated from Kingston University in 1988. In 1993 founded Pengelly Design, which became a limited company in December 2008.

His creations spring from a pragmatic approach to problem solving and an awareness of the problems inherent to materials and manufacturing processes. They are inspired by a desire to create furniture that exudes personality and timeless appeal.
